The Arts Council of the Dorrigo Inc. was incorporated as an Association on 6th August 1990 to promote the arts on the Dorrigo Plateau. The Dorrigo Plateau has a well established reputation as an area of great creativity and the home of many visual artists, performing artists, writers, highly skilled crafts people and artisans. It is the aim of the ACD to coordinate and promote these artistic endeavours and assist these artists in exhibiting their work and helping them becoming widely recognised for their skills.
